"How sad and pathetic is that?? Maybe if they did a good deed like you have, they would have more on their mind than reporting you. You are a truly an angel and someday will be rewarded. Merry Christmas and a peaceful New Year!"

"Well this is just sad. I drive by your pantry all of the time and I've never seen a homeless person at it. How unfortunate someone complained and got it shut down. It always made me happy to see when driving by. I'm sure it did help a lot of people! Thank you for your efforts for our community."

"This is absolutely insane. Whoever reported this clearly has never struggled to make ends meet. Especially during the holidays which is a challenging time for so many. Not everyone who used this pantry is homeless. Those who need food often struggle to ask for it out of guilt or shame. This pantry was a great way to serve our local rockrimmon community. I'm so sorry this happened K Elizabeth. Shame on that heartless person!!!"

"There used to be a small food pantry in Rockrimmon a few years back. Neighbors complained and the owners actually put a 'lock' on it to make it bear proof and the city ordinance okayed it after the lock was put on."
